Fact and Opinion Sorter

Circle the facts. Underline the opinions. Correct false statements.

1. Dr. Katherine Hayhoe is the best communicator of climate science.
2. The orangutan is an endangered species so it just makes sense that everyone would love them as much as I do.
3. CO₂ levels are at their highest in 650,000 years.
4. January 2000 to December 2009 was the warmest decade on record.
5. It would be silly to think that anything other than the sun warmed the Earth.
6. I heard that not even all the scientists agree that climate change is even happening.
7. The deforestation in Indonesia is the worst thing in the world!
8. Watching videos about climate change will make me an expert.
9. Agriculture, drought, and deforestation all increase dust in the atmosphere.
10. According to the U.S. Drought Monitor the entire state of California is suffering from some stage of drought.
